

Order in Baghdad for Q.I. Press Controls

Oosterhout, September 2015 – Update: Q.I. Press Controls received an expansion order from Baghdad, Iraq. The Iraqi Media Network (IMN) ordered four mRC+ colour register camera's with ink mist shields. The colour register system will be installed on IMN's KBA Comet printing press on two additional towers. This is the second order placed by the group and is an expansion of the already present Q.I. Press Controls' system. IMN is a news and entertainment group funded by the government of USA that transmits the value of transparency. The printing division of the group publishes the Al-Sabah ('morning') newspaper and several magazines.

About Q.I. Press Controls:

Q.I. Press Controls develops and delivers innovative, high quality optical measure and control systems. We are globally active in the newspaper and magazine printing industry. Our total solutions are supported by a worldwide service network. These reliable systems are proven in the market of existing and new printing presses and offer our customers structural better results.

I am here... for you
