

**INGEDE** invites you to the **28<sup>th</sup> INGEDE Symposium** on **13 February 2019** at Haus der Bayerischen Wirtschaft in Munich, Germany

The **INGEDE** Symposium is the only international conference covering all aspects from **recyclability** and **paper recovery** to the treatment **of paper for recycling**

**A more intense focus on the topics by enlarging the technical sessions**

**Reaching a higher level in paper recycling – Together chances and challenges can be met!**

You will find the detailed programme on the next pages

Conference languages: English and German with simultaneous translation

**New** at the **INGEDE Symposium 2019**

Two sessions, focusing on paper for recycling and recyclability

At the upcoming symposium, INGEDE is even more focusing on the needs and interests of all members of the paper chain – with a plenary meeting in the morning and two parallel sessions in the afternoon. These offer more insight into current issues in the collection, sorting, and inspection of paper for recycling; as well as in the recyclability of different printing products and how to deal with them in the deinking process, the challenges of newer printing processes and different kinds of certification of printed products.

The **participation fee** of 650 EUR (early bird: 580 EUR) includes lunch, get together, and conference documentation. For more **details** such as the final programme or hotel recommendations and about the venue see

**[www.ingede.org](http://www.ingede.org)** or **[contact.office@ingede.org](mailto:contact.office@ingede.org)**

# INGEDE Symposium Programme

Common Session 1 (9:30 h until 13:00 h)

9:00	Registration & coffee	10:50	<b>Breakthroughs in recyclability:</b> UV/LED deinking – ready for a greener printing <i>Thomas Glaser, Siegwirk</i> <i>Peter Hengesbach, Stora Enso</i>
9:30	<b>Welcome and Opening of Session 1</b> <i>Thomas Krauthauf, Chairman of INGEDE</i>	11:20	<b>New PSA labels</b> <i>Weronika Kot and Marta Zajac, UPM Raflatac</i>
9:35	<b>Welcome address by Bernhard Steinbeis, the founding chairman of INGEDE</b> <i>Bernhard Steinbeis</i>	11:50	<b>Implementation of the Circular Economy Package</b> <i>Ulrich Leberle, CEPI</i>
9:45	<b>Annual report, achievements of INGEDE</b> <i>Thomas Krauthauf, Chairman of INGEDE</i>	12:20	<b>From graphic to packaging – Conversion of a paper mill</b> <i>Christian Schürmann, LEIPA</i>
10:05	<b>Session: The paper value chain</b> Books are made for readers – challenges from e-books to environmental certifications <i>Barbara Scheuer-Arlt, Random House</i>	12:50	<b>Closure of common session</b> <i>Thomas Krauthauf, INGEDE</i>
10:35	<i>Coffee break</i>	13:00	Lunch break

# INGEDE Symposium Programme

Session 2.1 and Session 2.2 (14:30 h until 17:40 h)

14:30	<b>Paper for Recycling – Introduction Session 2.1</b> <i>Manfred Geistbeck, UPM</i>	14:30	<b>Deinking process – Introduction Session 2.2</b> <i>Anne-Katrin Klar, Essity</i>
14:35	<b>Optimised sorting plant Kinsau</b> <i>Christian Ascherl, ROWE</i>	14:35	<b>HP Indigo – Still a serious challenge for the deinking process</b> <i>Axel Fischer, INGEDE</i>
15:05	<b>Hyperspectral camera (INGEDE Project 156 18)</b> <i>René Michels, Cubert</i>	15:00	<b>Healthy printing</b> <i>Katja Hansen, EPEA</i>
15:35	<b>Foreign particles</b> <i>Sabine Hottmann, LEIPA</i>	15:30	<b>CITEO’s approach on fee’s modulation depending on recyclability</b> <i>Jean-François Robert, CITEO</i>
16:30	<b>How can the paper industry benefit from the new packaging legislation?</b> <i>Robin Huesmann, LEIPA</i> <i>Andreas Faul, INGEDE</i>	16:30	<b>Influence of anionic trash on ink removal efficiency</b> <i>Bernhard Nellessen, Solenis</i>
17:00	<b>Audit of Entry Inspection (INGEDE Project 157 18)</b> <i>Andreas Faul, INGEDE</i>	17:00	<b>Challenges in the development of deinking processes</b> <i>Johann Oberndorfer, UPM</i>
17:30	<b>Closure of session</b> <i>Manfred Geistbeck, UPM</i>	17:30	<b>Closure of session</b> <i>Anne-Katrin Klar, Essity</i>

Coffee break 16:00

GET-TOGETHER AT AUGUSTINER KLOSTERWIRT AT 19:00
