April 2016

Hohner and Gämmerler Agree a Mutual Partnership

For the expansion of their product portfolio the German company Hohner Maschinenbau GmbH will include the Gämmerler bindery compensating stacker BL 408 into their program.

Hohner Maschinenbau GmbH is specialized on the production of postpress components and installations with wire stitching lines. Recently the company has agreed a distribution partnership for the bindery compensating stacker with Gämmerler, one of the leading manufacturers of postpress systems in commercial and newspaper printing as well as in bindery. With this decision Hohner meets the increasing demand for a high-performance bindery compensating stacker covering a wide format range. The BL 408 is used to build bundles of softcover books, commercial products and direct mailings as well as saddlestitched products with normal or loop stitches. The stacker processes products between formats of 64 x 120 mm up to 330 x 480 mm and a minimum product thickness of 0,2 mm.

„We are glad to be in a position to offer a compensating stacker which has convinced us by its solid construction and easy handling. Since the BL 408 is produced in Germany, we will be able to realize short delivery times“, emphasizes Claus-Otto Hohner, Managing Shareholder of the company.

At drupa Hohner will present the BL 408 on its stand B32 in hall 14 and after drupa in its showroom. First orders are already in the pipeline. In the future both companies can provide offers for the compensating stacker.

Company Profile Gämmerler GmbH

Gämmerler is known as one of the worldwide leading suppliers of machines and complete postpress systems for commercial printing, newspaper and bindery. Trend-setting solutions from Gämmerler for conveying, rotary trimming, compensated stacking, log stacking, robotic palletizing and control software are innovative, efficient and extremely reliable. The wide range of products and services comprises planning, manufacturing and installation of individual machines and complete systems for up to date postpress solutions, including a competent and reliable after-sales support. Gämmerler GmbH, based in Geretsried-Gelting, is a company of the Blue Cap AG in Munich and is represented worldwide in more than 30 countries.
