

## Press Release

### **OneVision Software AG announces Valido Pre-Press s.r.o. as their new dealer in Czech Republic and Slovak Republic**

**Regensburg/Prague. The German software manufacturer OneVision appoints a new cooperation with Valido Pre-Press s.r.o. – one of the leading suppliers of complete solutions in the prepress and polygraphic industry in the Czech and Slovak Republic. OneVision customers will now be provided, additional to the existing service, with first level support in Czech and benefit from the far-reaching experience from the Czech Pre-Press expert Valido.**

Valido Pre-Press has held a leading position in supplying solutions for the newspaper industry since 1994, as well as for offset printing and flexography. Their solution portfolio consists of both, hardware e.g. CTP, developing processors or inkjet printers and software e.g. workflow RIPs and digital proof. Their customers can rely on their product portfolio, including technical support in hardware and especially in the software area. Therefore Valido Pre-Press s.r.o. is the perfect dealer for OneVision Software AG which is one of the world's leading manufacturers for software solutions for the printing, publishing and media industries.

"We are very proud that after a long search we found Valido as the ideal partner for the Czech and Slovakian market." says Hussein Khalil, CEO at OneVision Software AG. „Important to us were a precise business knowledge of the Czech and Slovak market, high technical standards, professional support structures and of course a great sales-oriented expertise. All this should serve to support existing customers, and of course this step took account of all necessary conditions to further jointly promote successful development of our prospect base”, Khalil continued.

Also Miloš Pechač, Managing Director, Valido, expresses his delight: “We are very happy, to have been appointed by OneVision as their dealer for the Czech and Slovak Republic. It was a strategic decision to form a strong alliance with a highly reputable organisation such as OneVision. The range of OneVision products will strengthen our position in the newspaper, inkjet and digital press sectors and we will be able to provide a broader range of products and services to existing and prospective clients.”

"The collaboration with Valido gives our market presence in the Czech and Slovak Republic a whole new dimension and I can only emphasize again how much we are looking forward to this strategic partnership“, Khalil further stated.

To introduce the new cooperation and the software solutions of OneVision to the printing and publishing industry in Czech and Slovak Republic, OneVision will be hosting one of their very popular and informative Print & Publishing Days in Prague on Tuesday, February 15<sup>th</sup>, 2017. With contributions on the theme “Withstanding cost pressure: How you can transform your prepress and premedia operation from a cost center to a profit center”, business unit leaders of OneVision Software AG and technical consultants will explain how increasing automation in production helps save valuable time and costs, while simultaneously enhancing print quality. “All customers and prospective customers who wish to know more about OneVision solutions and this event are very welcome to contact us”, Pechač added.

## About us

OneVision Software AG is an international provider of innovative and cost-efficient software solutions for the printing, publishing and media industries. In the past 20 years, the company has used its products to establish itself as the world market leader for prepress. Newspaper publishers worldwide work with products from OneVision and profit from the automation, the reliability and the resulting cost savings. In addition to steady optimization of the existing solutions, OneVision Software AG continuously invests in developing new products and target customer segments. The company's product portfolio ranges from software for prepress to tools for intelligent colour management and image optimization to products for digital publishing. Well-known global players in their field rely on the expertise of OneVision and value the benefits they get from working with the software company: time savings, cost reduction and quality improvement.
