## Introduction

India is one of the world's largest newspaper markets, where the circulation continues to grow. The growth in circulation, combined with need for innovative products, poses capacity issues in many newspaper printing plants. Therefore many newspapers are increasing their capacity by building new printing plants, replacing old presses with new high speed presses or imported presses.

Since these are huge investments that need to be used for a long period of time, selection of suitable machineries and capacity is crucial. Secondly, the installation projects need careful planning and execution. Since the project involves co-ordination between many teams, adherence to time schedule is very crucial

This two day workshop aims to present a standardised and structured approach to establish a new newspaper printing plant. The workshop will cover choice of machinery both new and used, building design and execution of the installation.

## Workshop Chairman

**K. Krishnan** is the former Vice-President, Production for Kasturi & Sons Ltd., publishers of The Hindu and Businessline daily newspapers. He has over 30 years of experience in Project Management, Press Installations and Production planning.

Krishnan is a mechanical engineer from Anna University, Chennai. His areas of expertise include project management, press Installations, production planning and budgeting.

### Excerpt from the General Terms and Conditions for WAN-IFRA Public Training Events

#### 2. Registration

**2.1** Registration can be submitted in writing to WAN-IFRA by mail, fax or e-mail. For the participant, the registration constitutes a binding offer for the conclusion of a contract for participation in the event described in the registration. This offer is subject to acceptance by WAN-IFRA. This is signalled by WAN-IFRA by confirmation to the participant that he has been accepted for participation in the event concerned.

**2.3** In order to ensure optimum training conditions, the number of participants is limited. Registrations will be processed in the sequence of reception.

#### 3. Performance and Change of Performance

...

**3.4** WAN-IFRA can cancel or postpone events in case of too few participants (at latest two weeks before the start of the event) or cancellation of a speaker or other circumstances for which it is not responsible. In such cases, WAN-IFRA is relieved of the obligation to hold the event and shall reimburse participants any fees already paid.

#### 4. Conditions of Payment

**4.2** The participation fee becomes due upon receipt of the invoice.

#### 5. Cancellation and No Show

**5.3** The participant can cancel free of charge up to 14 calendar days before the event begins.

**5.4** If the participant cancels between the 14th and seventh calendar day before the event begins, WAN-IFRA will charge 50% of the

participation fee as a cancellation fee. If the participant cancels later than seven days before the event begins, or fails to attend or does attend only a part of the training event, then the regular participation fee will be charged.

**5.5** If a participant cannot personally attend an event for which he has a firm booking, he has the possibility to name a substitute. WAN-IFRA must be notified of this in writing, stating the name and address of the substituting person.

#### 6. Liability

**6.5** In case of withdrawal from the contract or cancellation of the event by WAN-IFRA, no reimbursement of costs for booking the travel or accommodation will be afforded.
